Feal Suspension Racer Program – Pro Drift

ABOUT

The Feal Suspension Racer Program is designed to help professional racers meet their unique suspension needs. The program provides race-proven suspension components and expert technical support to approved eligible drivers. All Feal Suspension systems have been designed by Aurimas "Odi" Bakchis (Feal Suspension CEO & 2-time Top 3 driver in Formula Drift). The drift-specific coilovers have proven successful at the highest levels of professional competition both in the Formula Drift series and internationally.
